

SCRAPbook

Recycling Resources for FCPS Teachers

Our Third Year! Updated for 2005-2006!

Scrappy, the
SCRAP mascot

Dear FCPS Teachers:
Check out this scrapbook I put together of all the cool and fun things available to you. They are all FREE—just waiting for you to call or email! There are presentations and speakers, videos and tours, special events and projects! I hope you enjoy it!
Your Friend,
Scrappy

Kids love recycling!

Recycling is an exciting environmental topic and one that children are interested in learning about! Use recycling education to teach about science, economics, math, & the environment. The SCRAPbook will tell you about the many tools and activities that can help you teach your students about recycling.

P.S. You can also call 703-324-5230, ask for the Recycling staff, and talk to them about having a speaker come to your class!
Thanks! -Scrappy.
